SAMURAI Lounge Chair

Zenith

Features:

Scandinavian design meets Japanese aesthetics. Whilst studying hunting chairs of the mid-20th century, designers Kristian Sofus Hansen & Tommy Hyldahl have created a modern interpretation of the low-slung hunting chair type, with construction inspired by Japanese joint making combined with the Danish stick chairs of the 1950's.

Samurai is a highly considered piece of chair making based on stick chair construction popular in the 1950's, which marry different turned oak sections that support the seating comfort and tectonic geometry.

Design: KRISTIAN SOFUS HANSEN & TOMMY HYLDAHL for NORR11

Warranty: 5 years

Certification: FSC
